

KerryLIFE

Sustainable land use
management for the
conservation of the
freshwater pearl mussel

www.kerrylife.ie

KerryLIFE is a demonstration project to restore two internationally important freshwater pearl mussel (*Margaritifera margaritifera*) populations.

The project will operate in the Blackwater and Caragh rivers from 2014 to 2019.

KerryLIFE will work with farmers and forest-owners to implement practical measures to support the conservation of the freshwater pearl mussel.

To find out more about the project please visit our website or contact the **KerryLIFE** Project Office on **+353 (0) 76 1002621**
